Subject: An update on an oldie but a goodie

Remember the two brothers, in Germany, who had a wonderful model railway that was something to see? This is an update of their German Wonderland.

A short review, it was started by two brothers as a place to show their hobby began to grow by leaps & bounds. Soon they were joined by other 'Model Railroad Clubs' and other craftsmen. Some were electricians, model makers, carpenters, computer programmers. Their wives would stop by to see what they were doing and usually bring them a lunch.

One thing led to another. Three of the ladies had worked at a bakery, several visitors would ask if they had a snack bar. The idea was planted; some of the carpenters came and built a nice restaurant area for the bakery and a kitchen, too. If the fresh coffee smell didn't get you, then the bakery definitely would. Over 400,000 man hours were spent making this dream come true.

This was about 5 years ago. One of the breweries came and furnished all the tables and chairs, serving counter etc. Their latest finished area is the airport. Planes look like they are flying and landing. GERMAN WONDERLAND IN HAMBURG link below - AMAZING!
